

CA Kalpit Khemka

Alumni of the college
Batch 2002-2005

Well, college days are always special for everyone. But mine were extra-special. It was 3 years (2002-2005) action-packed full of learning, enjoyment, achievements and of course, memories.

Like every Surti, it's always a sense of pride to get admission in Surat's No.1 English Medium commerce college.. Our professors were so friendly, encouraging and caring that studies was never a burden.. I got all support from them while pursuing professional courses

CA and CS along with B.Com.

I am so glad to participate and win several awards in various inter-college competitions representing my college.

After 10 years of passing out, it was a wonderful experience to teach M.Com. students in the same college, sharing the staff-room with all my ideal teachers..

In the same year, I was elected as Chairman of our college's Alumni Association..

Moreover, I am pursuing Ph.D. in this very college.

So, I can say it with pride that I am associated with this college as a student, faculty, Chairman of Alumni Association and again as a doctoral student.

On completion of 25 years, I wish SPB College "HEARTY CONGRATS" and lots of success and many more happy students like me.
