

Study
Perform **Blossom**

In completion of glorious 25 years of our college, it is a matter of pride and honour to share my experiences as a G.S. of the college.

SPB was my first step on the ladder of success. It helped me to develop my inner personality and my leadership qualities. It is only because of the various

opportunities presented by SPB that I became confident to face the future. It helped me a lot in my further studies. Under my tenureship as a G.S. of the college, we did various activities like Blood Donation Camps, Elocution competitions, various days celebration etc. But all these were possible because of the co-operation of the principal, lecturers, non-teaching staff and all SPBians. I am very thankful for their support. I learned how team work can

make your task easy. I cherish these moments and whenever I look back I feel nostalgic. The College gave me opportunity to learn different skills to deal with the competitive world. I have enjoyed my three years in this prestigious college and it was a great learning experience for me.

I am very thankful to SPB for helping me achieve my dreams and making me what I am.
