VISION

Competence in Career And Correctitude in Character

The VISION of S.P.B. English Medium College of Commerce, embodied in the above motto, is to be a leading participant in the "Sarvajanik" process of grooming citizens who are respected in their profession for their knowledge, skills and competence and recognised in the society as responsible, progressive, secular humanists committed to moral and social correctitude.

MISSION

S Study ભણો – P Perform ગણો – B Blossom ખીલો

Since well directed formal as well as informal "Studies" and "Performances" are the pivotal intrinsic forces leading to "Blossom" (Progress / Prosperity / Maturity); a stage of evolution; in Career and Character of a person, the Mission of the college, for envisioned evolution in the careers and characters of all the SPBians, is to make them lifelong followers of the maxim embodied in the above motto.

Editorial

Dear Readers,

I am indeed excited and happy to present before you the thirteenth issue of the college magazine *INDEX*. This academic year 2017-18 has been very eventful for our college both in the area of academics as well as co-curricular and extra- curricular activities and I take this opportunity to highlight the activities and achievements of the year.

As always *INDEX* abides by the policy of 'infotainment'- provides information on recent happenings as well as entertains its readers with literary contributions by teachers and their taught.

The magazine is a humble attempt to showcase the initiatives and overall progress made by the institute in general and by the faculties and students in particular in their areas of interest. The issue documents academic engagements by way of workshops, seminars , conferences attended as well as organised and also encompasses accomplishments of students in sports, cultural, debate and elocution activities .Students' involvement in research and extension activities like NSS and NCC all speak of the sincere efforts and support extended by the Principal and Management of the college.

I am thankful to all the contributors to this issue of the magazine for sparing their valuable time and providing their enriching inputs without which the magazine would not be possible. I also grab this opportunity to wholeheartedly express my gratitude towards our Principal Dr.V.D. Naik for his constant guidance and support in making this issue of the magazine possible.

My sincere thanks to the editorial team for their cooperation and persistent efforts in bringing forth this issue of the magazine.

Thank you one and all.

DIFFICULTIES IN YOUR LIFE DO NOT COME TO DESTROY YOU, BUT TO HELP YOU REALISE YOUR HIDDEN POTENTIAL AND POWER, LET DIFFICULTIES KNOW THAT YOU TOO ARE DIFFICULT.

Dr. A.P.J. Abdul Kalam

From the Principal's Desk

It is with a great sense of pride and hearty appreciation for the persistent efforts put in and excellence achieved by our students, students' council and all members of the teaching and administrative staff that I forward the thirteenth issue of Index the college magazine. I am certain the contents of the articles, reports of the various committees and information provided in the issue all bear testimony to the progress and development of the institute this academic year. Living up to our mission- maxim “S-P-B” i.e. “Study- Perform- Blossom” our students and staff have studied and performed exceptionally well in curricular, co-curricular and extra-curricular activities . I take this opportunity to throw light on such areas of study and performance at this juncture.

On the academic front our students have proved their mettle by their extraordinary performance both at college as well as the university level examinations. Active involvement of our students in the Tally Certificate Couse conducted by our college and hands on training in GST- all reflect our students' quest for knowledge and learning.

As expected our students have excelled in sports and made us proud by their meritorious performances. Our students have represented our college and the university at various inter college, inter university and inter state competitions. Our college students have represented the university at various All India Tournaments and have secured eminent position in individual games. Our college has bagged 9 gold, 7 silver and 4 bronze medals in various inter university and Khel Maha Kumbh Tournaments.

Our students have enthusiastically participated in cultural activities at inter college competitions as well as University Youth Festival and have won more than 15 prizes including first prize in drawing ,second prize in drama , second prize in group song at VNSGU Youth Festival.

This year has been exceptional with our students bagging more than 30 prizes in various debate, elocution, essay writing events in university and state level competitions.

It is indeed a matter of great pride that many of our students are enrolled in professional courses like CMA, CS, ICWA etc. along with their graduate degree course. A number of students are also pursuing vocational courses related to computer and IT, Fashion Designing, Gems and Jewellery Designing, etc. This year too many of our students have migrated to institutes of great repute in India as well as abroad for further studies.

Our college has been conferred with the title 'College with Potential for Excellence' by UGC. We at SPB firmly believe in keeping up to date with technological advancement. This year we have successfully installed the latest Library Management and Security System and the installation of the Digital Language Lab is already in pipeline.

Members of the staff have always believed in professional up gradation by way of knowledge enhancement and dissemination. Our staff members have successfully guided 3 Ph.D and 3 M. Phil students in the current year which speaks of their research interest and involvement.Our staff has also attended and presented research papers at various seminars and conferences at state, national and international level and have also authored and co-authored a number of books.

Our college also organised National Conference on “Research in Accountancy” and the second One Week National Faculty Development Progamme on "Structural Equation Modelling with AMOS".

Under the auspices of Career Guidance and Placement Cell students were given exposure to a variety of career options and nearly 20 students were offered jobs in banks and financial institutes of great repute.

I am sure the above highlights give a distinct idea of the potential and talents of our students and staff and bear testimony to the fact that all SPBians are well and truly on the path of evolution in their career and character as envisioned by the college.

On behalf of the entire SPB family, I take this opportunity to express my hearty good wishes to the T.Y.B.Com and M.Com-II students who are about to explore a whole new world of opportunities and “Blossom” in their chosen area of interest as well as in life. May Almighty shower His choicest Blessings on them.

I also grab this opportunity to express a deep sense of gratitude towards the Office Bearers of our management- Sarvajanik Education Society for their consistent support and encouragement in all our endeavours.

Once again I extend my sincere compliments and convey my good wishes to all SPBians for their individual as well as collective efforts and accomplishments during the year.I am confident that they will continue to follow the S-P-B goal “Competence in Career and Correct Attitude in Character”.

Sense of Honour: A major factor affecting conduct of an individual as well as a society

Dr. V. D. Naik
Principal

Introduction

Bankruptcy is on rise. Scams and scandals involving politicians, 'dharm-gurus', bureaucrats, company CEOs, big businessmen etc are making headline routinely. Population of people like Lalus, Asharams, Rahims, Malias, Modies, Chokshis etc. is expanding fast and is in spot-light. It is said that we are passing through the age of elastic ethics. We are distinctly short of recent examples of honour and ethics posing an obstacle to personal drives for wealth and power. The news on the TV channels are rife with dishonourable deeds that lead to social and economic chaos, injustice, tragedy and horror. Recently screened Gujarati movie "Chal Man Jitva Jaiye" makes us think, is "Honour" becoming obsolete in our Society? One might also think so. We have seen so little of it lately that it is natural to assume that it has faded into history.

The concept of "honour"

Whole generations have passed since practically every grown-up person in our society knew what was meant by "honour" and doing the "honourable thing". The word is used in so many contexts that many times it becomes downright confusing and makes one feel that it has lost its most important of meanings. For example consider the usage of 'honour' in 'An honour roll has nothing to do with honour system", "An honour guard does not guard anybody's honour". There is no connection between having honours degree and doing the honours services to the society. Honouring the debt and honouring our parents and elders are two different things. However, the two main meanings of it are interconnected. The first meaning is a guide to good conduct, as reflected in the phrase 'code of honour' or 'keeping honour bright'. The second meaning is a distinction conferred on a person, an organization, a family etc. The presumption is that if you behave with one kind of honour, you will be rewarded with the other. The social functions held in a person's honour are held with this purpose.

Obviously, the fact that people refer to this word frequently does not necessarily mean that they grasp the fundamental concept of honour as a regulator of conduct and behaviour. If it seems out of style these days, that is because it does not fit easily into the psychology of a materialistic society which has little time for thing of the mind. Majority of our society tends to subscribe to the fallacy that phenomena with no physical existence have no existence at all. People are conditioned to be sceptical about abstractions or about anything that can't be seen or touched. Still it is widely perceived that honour means honesty in the sense of telling the truth and in dealing with people without trickery or hidden motives. It means not taking unfair advantage of others, not betraying others, living up to one's promises, paying one's debts, and keeping one's words.

Many people use the words like conscientiousness or accountability in lieu of honour. This shows how unfashionable the usage of the word honour is becoming in the societies. If there is one widely used synonym that strike to its core then it is the word 'integrity'. Integrity is defined as 'the quality of being unimpaired: wholeness, completeness.' By that standard, it is just as impossible to be half-honourable as it is to be half- pregnant. Honour is indivisible and also non-transferable. Its presence or absence is nobody's business but the person's own.

Impact of honour on individual and the societies

Despite the fact that it exists only in people's mind, “honour” has proved a tremendously powerful force over the ages. Philosophers have been almost unanimous in declaring that its practice is essential to progress and well being of both, individual as well as the society.

It has traditionally been viewed as a standard that towers above all other considerations such as desires, comforts or whatever. Innumerable wise men and women have declared in all sincerity that their honour came before their lives.

To a large extent, honour is responsible for the democratic system of government, particularly the judiciary system of it. If the judges stop believing in the honour factor, and judging in accordance with the standards of honour associated with the profession, then the workability and the trustworthiness of the democracy gets destroyed. The very factor behind the fact that the public officials and the politicians

are made to take oath before they assume their office is that through the ritual of swearing out unbreakable oath to the Gods they can be prevented from abusing the privileges of their offices. To keep the spirit of honour live and vibrant, the governments around the world have officialised a variety of honours for the citizens, civilians and military personnel. In the ancient age such officialised honours suited the rulers and governments because through such honours they could make their soldiers believe that it was honourable to win battles and dishonourable to lose. Thereafter, in every age, leaders everywhere learnt that the calls to uphold the 'honour of regiment' could move men to valiant exploits and harrowing sacrifice. Military honours are enforced in the modern time by the threat of a dishonourable discharge, because people in the armed forces still regard the dishonourable discharge as the ultimate disgrace.

Honour and goodness are inextricably linked in the minds of people of all the societies. It is believed that a man's sworn words are sufficient to establish his innocence or release him from civil liability. Under the law related to acquittal from a charge or accusation known as law of compurgation, a defendant could be found not guilty by swearing out on oath and getting a required number of people or witnesses to swear that they believe it. The principle for this, which seems impossibly naive by modern legal standards, is that respectable people can be expected to hold honour so dear that they will not lie under oath even to save themselves. Elite warriors such as the Rajputs and Gurkhas of India, Samurai of Japan etc were famed for fighting for their honour to death. Thus, honour is a concept that has always been recognised around the world, even in the most primitive societies .This also proves that human beings, wherever they are, possess an innate sense of fairness dignity.

Honour makes a lethal compound when combined with wilful pride, and never more so than when it comes to duelling. The practice of settling 'affairs of honour' with sword is still rampant in many a societies around the world. In such societies popular wisdom is that manly pride comes before the law.

Lawlessness and perceptions of honour have often made a volatile mix. This is the reason that Mafias are known as 'the Honoured Society' in many countries of the world. Murders by thugs who feel their peculiar code of honour has been breached are very old tradition in the underworld. The highest dishonour in gangland is

reserved for those who inform on colleagues as it amounts to breaking a pledge of trust. In a twisted way, there is honour in the mafia lands too!

Mixing up Honourable, Ethical and Legal actions and conduct in private and public life

It is very well said that the law often permits what honour forbids. If the people around the world are now beset by a legalistic, bureaucratic and over-governed system, it may be because honour has been superseded by the legality. Acting with honour means putting oneself in the position up to commitments without being forced to do so. Honourable people need not be coerced into keeping their word by laws or regulations. More honour among the public would mean less crowding and waiting time in courts.

Instead of asking "Is it legal?" more people must be asking themselves before taking an action, "Is it honourable?" This applies equally in private and public life. It is widely believed that many of the more-severe personal problems in our time arise from lack of bad self-esteem. Honour is the most important factor for those who suffer from a lack of self-esteem because nothing makes people feel better about themselves than the sure knowledge that they have done right thing and by avoiding the dishonourable acts they are able to save themselves from the self-reproach which lead to low self-esteem.

Honour is far more clear and simple. There is an important point worth remembering about the difference between honour and ethics. Laws, rules, regulations etc for various walks of life are framed keeping in mind the ethics of respective walk of life where as acting with honour presupposes that one innately knows what it is all about. He very clearly and innately understands the most basic characteristics of honour like honesty, in the sense of telling the truth and in dealing with people without trickery or hidden motives, not taking unfair advantage of others, not betraying others, living up to one's promises, paying one's debts, keeping one's words etc. Conventional ethics, of the sort debated in courses and seminars, allow loopholes which can be exploited by the 'smart' people of the society who know that they can smartly take advantage of hewn or rough code of honour prevailing in the society. Honour has no room for sophistry or self-justification or for the conduct one can get away with from getting caught. It cannot be moulded into shape to fit expediency. There might be such a thing

as situational ethics, but there is no such thing as situational honour. It is, either you have it all or you have none of it, like situations.

The field in which the lack of honour is most glaring is politics. It would be a relief to see politicians on an election campaign refrain from twisting the facts to suit the situations. Some politicians indulge in outright lies on the premise that the furtherance of their cause is more important than simple honesty. Nowhere is there more talk about honour than in parliament, but any sceptical observer of its proceedings might wonder whether the appellation 'the Honourable Member' is a prescriptive or a descriptive term. There are many other fields of activities where honour seems to be lacking. Great institutions engage in sneaky cover-ups, military schools turn out to harbour nests of liars and cheats, media personalities renege on promises of confidentiality for the sake of a titillating sound bite, business people sell products they know to be defective or of inferior quality, far less than honourable conduct of a sizable group of people in judiciary etc are the examples where the word "Honour" is becoming lesser and lesser than honourable. It is as if, the modern worship of success has made people forget the standard rule of conduct "Rather fail with honour than succeed by fraud".

Conclusion: Not all the honourable actions or deeds are acknowledged or honoured publically nor can they be as it is an impossible proposition. All of us feel that most of our honourable doings and actions remain unnoticed or unrewarded. But that is not true. Our conscious mind and the subconscious mind of the people around us do notice our honourable and sub-honourable doings. The sum total of our character and whatever respect or disrespect we receive from the people around us are always in tune with our honourable and sub-honourable actions and practices. Hence, the self-esteem, confidence, peace of mind etc or the lack of such characteristics of ours and the respect, or otherwise, towards us we see in the eyes of the people and their behaviours and reciprocations and dealings with us, must be treated as sources of honour, or lack of it, which we keep receiving every day. We should not forget that we do not do honourable things or conduct ourselves honourably for getting honours. Rather, we do these things to remain honourable in our own eyes. There is no better honour than the honour felt after honourable self-assessment.

Sports Participation Stress and its Management

Dr. Ashokkumar Saha
Physical Instructor

lntroduction

Sportsmen undergo stress at any point of their life. Stress is a part of day-to-day living. It is a common human phenomenon and part of life. As college students you may experience stress meeting academic demands, adjusting to a new living environment, or developing friendships. The stress you experience is not necessarily harmful. Mild forms of stress can act as a motivator and energizer. However, if your stress level is too high, medical and social problems can result.

Stress is your body's way of responding to any kind of demand. It can be caused by both good and bad experiences. Stress is s feeling that's created when we react to particular events. Many hockey players sometimes get stress when they play against a tough opponent. They get nervous facing the oponent they are playing and they get so worked up that they lose focus on playing their game and in the end, they make mistakes and end up beating themselves if they do not win. As a result, here is a list of techniques that a hockey player can use to help manage the stress of playing against the competitor. The first step is to learn as much as you can about your opponent.
Although this may seem obvious some players may think they already know what they need to know. Remember there is always something to learn about your competition. Try to figure out an angle on how you can beat your competition. The more you know about your competition the better your chances that you will win the game. This will also help to reduce your worries about whom and what you will be facing in your next game. Do not assume anything about your competition whether they are stronger or weaker than you. Every player has his good and bad games and just because you may be facing a stronger opponent does not mean that you will lose.

Remember that before you start playing, you and your opponent both have an equal chance of winning. Focus on how you can best strive for perfection in your own game instead of worrying about your opponent. For instance, let's say you are playing the number player in the tournament and you are nervous. Instead of focusing on how good your competition is, focus on how you can play your best game. Concentrate on how you can better play the game or how you can best improve on your problem areas. Focusing on your game will definitely help you when you are nervous in

playing a stronger player. Realize that you cannot win all of your games and that also includes your competition. You may be the best player in the world; however you will still lose eventually. No player can win all his games. Yes, he may have some winning streaks or win ninety percent of his games, but he will still lose some games. When facing a tough competitor, use this fact to your advantage. Even the best players will make some mistakes and lose.

The first step in any stress-reduction plan is discovering exactly how and why you get stressed, and learning to recognize when the stress of a situation is more perceived than real. When you feel over whelmed by your stress, you need to use stress reduction techniques like meditation or yoga to help you relax. The next step is learning how to use exercise and food choices to combat stress. If you work to change these factors - your exercise habits, your diet and your mind-set about challenges and fears - you'll be setting the stage for a calmer, happier you, no matter what stressful situations life throws at you. It is not uncommon to get nervous when you play a better opponent. The key is not to psyche yourself out just because the competition gets tough. Remember that some games will be easy to play and some games will be more difficult. All you can do is to focus on your game and play the best you can. This will help you in the long run and will help you to stop worrying whether you will win or lose.

What causes these stresses? Injuries and worries over performances and competition outcomes are the most directly correlated causes. It's safe to assume that most athletes have experienced some type of injury or feeling of pressure at performing up to par at one point in his or her career, especially hockey players who are constantly exposed to the dangers of a contact sport and working as a team to achieve a common goal. Whether players are worried about new injuries or rehashing previous injuries, not performing up to expected performances or letting teammates down, many players can become painfully troubled and tormented at the thought to where sports anxiety and stress occurs. Interestingly enough, the more a player worries about such issues, the more likely he or she is to fall prey to one.

Healthy ways to relax

Exercise regularly: Physical activity plays a key role in reducing and preventing the effects of stress. Make time for at least: 30 minutes of exercise, three times per week. Nothing beats aerobic exercise for releasing pent up stress and tension.

Eat a healthy diet: Well-nourished bodies are better prepared to cope with stress, so be mindful of what you eat. Start your day right with breakfast, and keep your energy up and your mind clear with balanced, nutritious meals throughout the day.

Avoid alcohol, cigarettes, and drugs: Self-medicating with alcohol or drugs may provide an easy escape from stress, but the reliefis only temporary. Don't avoid or mask the issue at hand; deal with problems head on and with a clear mind.

Get enough sleep: Adequate sleep fuels your mind as well as your body. Feeling tired will increase your stress because it may cause you to think I set aside relaxation time. Include rest and relaxation in your daily schedule. Don't allowother obligations to encroach. This is your time to take a break from all responsibilities and recharge your batteries.

Connect with others: Spend time with positive people who enhance your life. A strong support system will buffer you from the negative effects of stress.

Keep your sense of humor: This includes the ability to laugh at yourself. The act of laughing helps your body fight stress in a number of ways.

Learning healthier ways to manage stress : If your methods of coping with stress aren't contributing to your greater emotional and physical health, it's time to find healthier ones. There are many healthy ways to manage and cope with stress, but they all require change. You can either change the situation or change your reaction. When deciding which option to choose, it's helpful to think of the four as: avoid, alter, adapt, or accept.

Since everyone has a unique response to stress, there is no "one size fits all"solution to managing it. No single method works for everyone or in every situation, so experiment with different techniques and strategies. Focus on what makes you feel calm and in control.

A Growing organism

Ms. N. Padma
Librarian

"Library is a growing organism" the fifth law of library Science enunciated BY Dr SR Ranganathan, father of Library Science.

Library is the important learning centre in an educational Institution. Emerging Information and Communications Technologies are fast invading the library environment. Today's libraries are being made over as "idea –stores" and "information stores". They have transformed many barriers to shred off the "storage houses of books."

In the information age, the patrons expectations are so varied and hence the service model to meet such expectations are so diversified. Librarians have to embrace the new technologies to identify and capture information from available sources and make it available easily to the user.

In SPB Library, under the leadership of Principal Dr V. D. Naik, we have installed a latest library Management and security system, The RFID (Radio Frequency Identifier) technology.

It consists of RFID Tags, a middle ware application software and host Computers. There is a theft detection system compliant with the radio tags. Gates are capable of detecting the walking out of books by mischievous library users while passing through them, ie. Theft detection mechanism is in-built in the gates. There is a Station Reader to register library collection, user profiles, circulation of the Library collection at the Circulation desk.

Another interesting feature of the RFID system is the "Self Check in/out Kiosk Station". The Stand alone self-Check In /Out Kiosk Station is primarily kept to save the time of the library users to do the circulation transactions themselves without waiting for the library staff. In a way, it is also saving the time of the librarian to provide better and more effective service to the library users. Lastly the generation of RFID technology enabled Identity cards within the library premises is a welcoming fact for the students, who need not wait long to obtain their I-Cards. In addition, the RFID technology assists the librarians in fast, easy and efficient ways to trace, locate and manage library materials. Unique RFID tags prevent duplication and multiple number of books can be read simultaneously (in case of book bank facility).Library users are benefited as they have to spend less time due to self-check in Kiosk in the circulation of books. They get more valuable time for their pursuit in getting more useful learning materials and quest in knowledge exploration through free internet facility.

In these times of financial and staff crunch, the library staff, in embracing the new technology can dispense their services effectively and efficiently. The role of RFID, the cost – effectiveness and ROI on its implementation can be calculated in terms of happiness the users feel in saving their time by restructuring the library operations and the librarian in spending more time on other intellectual work.

E Books

Another initiative taken up is the addition of E Books in the library collections. Space constraint and technology savvy students' willing are major reason to add e books to the library collection. Some E books in the library are in CD form and others are available to the registered library users online.

Reading room in the basement is modified to function as e Learning centre where Tally course training is imparted to the students by qualified TALLY professionals. A full fledged language lab is in pipeline, will be in full use by next academic session.

Overall it was an inclusive action-packed year with so many modifications in the library. All these were smoothly accomplished through the continuous support and services of Ms. Swati M Patel and cleanliness drive taken up by Mr. H. H. Dubey is commendable.

We at SPB Library strongly believe that making everyone happy is not in our hands but being happy with everyone is definitely in our hands.

"The library is an arena of possibility,
opening both a window into the soul
and
a door onto the world."

Indian Model of GST

CA Ravi I. Patel

Assistant Professor

Introduction

Goods and Services Tax, or GST, is a common transactional tax type globally. In this article, we will explore the specifics of how GST relates to India.

In India, GST Model will be "dual GST model" having both Central and State level levy on the same base. All goods and services except special exclusions will be bought into GST regime. The most important thing is as there is a common tax on goods and services, now there will be no distinction between goods and services.

For example,

If a base price for levy of GST is ₹ 100. Assume Rate of SGCT and CGST is 9%.

Now, CGST and SGST on this product will be ₹ 9 and ₹ 9 respectively.

The consumer/customer has to bear ₹ 118. (i.e. ₹ 100 + ₹ 9 + ₹ 9)

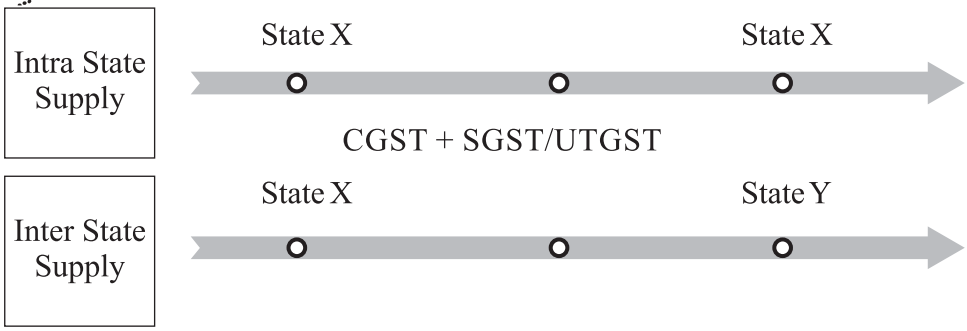

Key Improvements in System:

GST is different from the current tax structure in many ways. Currently, taxes treat goods and services differently. As mentioned above, 'goods' attract Excise at manufacturing level and VAT at the time of sale. In contrast, services attract only one levy i.e. Services tax on provision of taxable services. This distinction, in GST regime, would loosen its importance as both goods and services would be treated as par for taxing purposes. A transaction in goods and services for a consideration would attract CGST and SGST. Also, the State Government now gets the power to tax services and Central Government gets the power to levy tax at the distribution and retail level. GST may resolve, not all, but surely, most of the current issues such as the classification, valuation, double taxation disputes etc. On a positive note, most of the credit which is not available will be available in GST regime such as the service provider will be eligible to avail credit of VAT, Luxury tax, Entertainment Tax etc. The compliances are also expected to reduce drastically.

In this 'dual GST' regime, all the transactions of goods and services made for a consideration would attract two levies i.e. CGST (Central GST) and SGST (State GST).

Thus, on every intra state supply, Central GST and respective State GST shall apply. In case of inter state supplies, the right to impose tax has been reserved by the Centre.

The understanding can be shown as under:

Laws governing GST in India

CGST and IGST will be administered by 'Central Government' and SGST will administered by the respective State Governments.

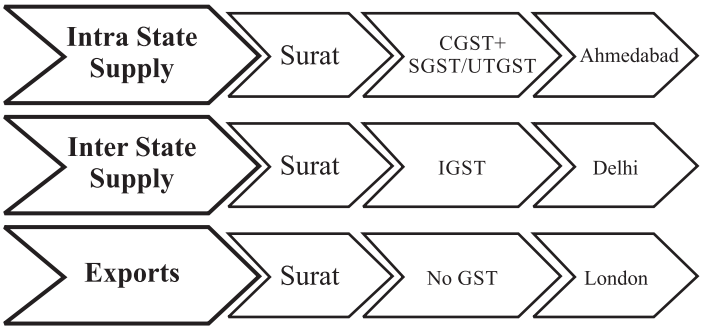

In GST regime, there is one CGST law and 31 SGST law for each of the States including two Union Territories and one IGST law governing inter-State supplies of goods and services. Mechanism of input tax credit in GST: Input tax credit of CGST is available for payment of CGST and input tax credit of SGST is available for payment of SGST. However, cross utilization of tax credit between the Central GST and the State GST would be allowed in the case of inter-State supply of goods and services under the IGST model.

The following laws shall be enacted for levy and collection of GST by Centre and States in India:

Name of Tax to be levied	**Governed by**	**Number of Acts in India**	**Governs**
Central GST	Central Government	One	Levy of Centre's portion of GST in case of intra state Supply
State OR Union Territory GST	Respective State/UT Governments	31 Acts for each state/UT	Levy of State's portion of GST in case of intra state Supply
Integrated GST	Central Government	One	Levy of GST in case of inter-state Supply

Each of the above acts governs certain part of the transaction and together govern the levy and collection of GST in India. Though the Acts are different, their respective scope is abundantly clear.

The levy of different acts is explained by way of the following diagram:

Supply of Goods/ Services

Taxes that will be subsumed in GST:

GST would be levied on all the transactions of goods and services made for a consideration. This new levy would replace almost all of the indirect taxes. In particular, it would replace the following indirect taxes:

At Central level:	At State level:
Central Excise Duty (including Additional Duties of Excise)	VAT/Sales tax
Service Tax	Entertainment tax
CVD (levied on imports in lieu of Excise duty)	Luxury Tax
SACD (levied on imports in lieu of VAT)	Taxes on lottery, betting and gambling
Central Sales Tax	Entry tax not in lieu of Octroi
Excise Duty levied on Medicinal and Toiletries preparations	Cesses and Surcharges
Surcharges and cesses	

However, certain items / sectors would be outside the GST regime. Products such as alcohol, petroleum products would remain outside GST regime. Further, Land and properties may remain outside since they are neither goods nor services. Looking at the international practices on GST, it would be advisable that the products outside GST regime should be minimum as allowing parallel levies will only add to cascading effect than any good to industry/economy.

Conclusion:

Because GST has been shown to be a simple, efficient, and successful form of indirect taxation globally, its introduction would definitely contribute significantly towards economic growth. The GST is keenly awaited by all who have lived through the maze of the current inefficient, irrational and complex indirect tax system in India.

"The Test of My Life" : From Cricket to Cancer and back

Hetasvi Mehta
T.Y.B.Com

"PEOPLE WILL HATE YOU, RATE YOU, BREAK YOU AND SHAKE YOU; BUT HOW STRONG YOU STAND IS WHAT MAKES YOU.

"THE TEST OF MY LIFE" is an autobiography of the cricketer Yuvraj Singh in which he describes the ups and downs of his career. It is not just a story of his success but one of the biggest setbacks of his life and his comeback from life threatening cancer which could have ended his career. It is the story of the toughest days of his life and how he managed to come out of it. Yuvraj Singh has dedicated the book "THE TEST OF MY LIFE" to his mother Shabnam Singh who supported him in the worst days of his life. He believes that whatever he is today is because of his father. Today if he has a story to tell the people is because once his father had seen a story in him. He also describes about the biggest setback of his life, Cancer. He said," I am not going to feel sorry for myself. No, why should I? When I picked up wickets or hit the big scores, had I ever asked god, why me? No, Never. So when this illness came to me, I had no right to ask god, why me?" Yuvraj says that "Beating cancer is a personal battle and one of the toughest opponent I have ever faced and I think I did reasonably well". Otherwise the stigma of cancer can defeat the person much more than the disease itself. But Yuvraj believes that, "Look for something positive in each day, Even if some days you have to look are little harder". Further Yuvraj describes about his return into Indian cricket. After getting cured from cancer, he went into his first match for India with no expectations. He said, "If I fail, I fail and if I succeed, I succeed. I really want to succeed, but if I fail, it would be without any regrets and if I succeed it would be without any swagger". After his emotional return from cancer back to cricket, he started a cancer charity named YOU WE CAN to create the awareness that cancer is not a death statement. Yuvraj has shown immense courage and self belief. He is the shining example of strength and positive attitude. I am greatly inspired by the book "THE TEST OF MY LIFE" and I feel it's my honor and privilege to give my views on such a book which is an inspiration for the millions of people. I salute Yuvraj and his fighting spirit. At the winding up of the book, Yuvraj says," If life has given me a second chance, I want to spend it running and prove myself again". **"If Yuvi can, You can".**

આજ ના માનવી ની દોડ કઈ તરફ?

નિધિ પટેલ
એસ.વાય.બી.કોમ.

"જિંદગીની સફર છે સાગર;
શકિત છે સામગ્રી,
ચાહ એને મજબૂત બનાવે ;
ચાલ, એને મજબૂત બનાવીએ...

આજનો માનવી વિકાસ તરફ ગતિ કરી રહ્યો છે. તે વિશ્વની આધુનિક તકનીકનો ઉપયોગ કરી રહ્યો છે. તે આર્થિક, ઔધોગિક, સામાજિક વિકાસ તરફ વળ્યો છે. તે જૂની પુરાણી અડચણરૂપ રૂઢીઓનો ત્યાગ કરી રહ્યો છે. આજનો માનવી પોતાનો, પોતાના સમાજનો અને પોતાના દેશનો સમતોલ વિકાસ સાધી રહયો છે. આ દોડનું બીજું પાસુ યુદ્ધ, રૌદ્ર, તામસી પ્રવૃત્તિ સાથે જોડાઈને વિનાશકારી માર્ગે વળ્યું છે. તેનાથી તે પોતાનો, સમાજનો અને દેશ નો વિકાસ રૂંધી રહ્યો છે.

એકવીસમી સદીમાં માનવી તકનીકનું મહત્વ જાણી દરેક ક્ષેત્રે તેનો ભરપૂર ઉપયોગ કરે છે. શિક્ષણ, ઉત્પાદન,સંરક્ષણ, બજાર વગેરે જેવી બધી જ જગ્યાએ તકનીક વડે વિનિમય સરળ બન્યો છે. લોકો ઈ-સંવાદ દ્વારા એકબીજા જોડે જોડાયેલા રહે છે. તેઓ તકનીકનો મહત્તમ ઉપયોગ કરીને પોતાનો સમય બચાવે છે. અને તે સમયનો ઉપયોગ બીજા મહત્વપૂર્ણ કાર્યમાં કરે છે. તકનીક દ્વારા માત્ર દેશમાં જ નહિ પરંતુ વિદેશમાં પણ તેઓ પોતાના ઉત્પાદનની લે-વેચ, પ્રચાર-પ્રસાર,વગેરે કરી શકે છે અને આ માટે ભારતે ૧૯૯૧ માં અપનાવેલી સૌથી મહત્વની પધ્ધતિ એલપીજી (ઔદ્યોગીકરણ, ખાનગીકરણ, વૈશ્વીકરણ) ખૂબ જ ઉપયોગી નીવડે છે.

ભારતના અર્થતંત્રમાં થનારા આ તકનીકના ફેરફારો દેશને વિકસિત બનાવવા માટે ખૂબ જ ઉપયોગ નીવડે તેમ છે. પણ માનવીએ વિજ્ઞાન અને તકનીક પાછળ આંધળી દોટ મૂકી છે. જેમ જેમ માનવી વિજ્ઞાન અને તકનીકનો વિકાસ કરે છે તેમ તેમ માનવી વધુને વધુ તકનીક પ્રેમી બનતો જાય છે. અને કુદરતે આપેલી અમૂલ્ય બક્ષીસ, પ્રકૃતિના તત્વોને ભૂલતો જાય છે. તકનીકના આ યુગમાં માનવી વિવિધ રોગોનો ભોગ બની રહ્યો છે. વાહનો, ગણનયંત્ર, દૂરભાશીયંત્ર, સંકાલાનયંત્ર, સંગણકયંત્ર, અન્ય યંત્ર વગેરેએ માનવીને જાણે ગુલામ બનાવી દીધો!

આજના સમયમાં વાહનોના અવાજમાં પક્ષીઓનો કલરવ જાણે ક્યાં ખોવાઈ ગયો છે, અરે! પક્ષીઓ જ ખોવાઈ ગયા હોય તેવું લાગે છે. દૂરભાશીયંત્ર, રેડીયો, દૂરદર્શકયંત્ર વગેરે જેવા યંત્રોનો કર્કશ

અવાજ આપણી આસપાસ ગુંજી રહ્યા છે.આ યુગ દૂરભાશીયંત્ર અને સંગણકયંત્રનો ગણાય છે. દૂરભાશીયંત્ર અને સંગણકયંત્ર માનવી ના જીવનમાં ઘણી રીતે ઉપયોગી છે. આ યંત્રોણી મદદથી માનવીના ગણા કામો ચપટી વગાડવાની સાથે જ પૂરા થઈ જાય છે. પણ દૂરભાશીયંત્ર અને સંગણકયંત્રનો વધુ પડતો ઉપયોગ થઈ રહ્યો છે. તેના વગર માનવીને એક સેકન્ડ પણ ચાલે તેમ નથી જાણે તે દૂરભાશીયંત્રનો વ્યસની બની ગયો હોય તેવું લાગી રહ્યું છે,

દૂરભાશીયંત્ર અને સંગણકયંત્રના યુગમાં બાળકોનું બાળપણ પણ જાણે ક્યાંક ખોવાઈ ગયું હોય તેવું લાગે છે. બાળક જન્મે ત્યારથી જાણે તેની આસપાસના લોકો તેને દૂરભાશીયંત્ર અને સંગણક આપીને જ ખુશીઓ આપે છે. બાળકોને માતા-પિતાનો, દાદા-દાદીનો પ્રેમ પણ ઓછો મળે છે. કલ્પિત રમતના યુગમાં પહેલા બાળકોની વિવિધ રમતો જાણે કોઈ મેદાનમાં દટાઈ ગયા છે. બાળક હવે બહાર રમવા જવાનું તળે છે. તેથી આજનું બાળક પહેલાના બાળક જેવું ખડતલ, તંદુરસ્ત નથી. બાળપણ જાણે ક્યાંક ખોવાઈ ગયું છે! માનવી દૂરભાશીયંત્ર સાથે સૂવે છે અને દૂરભાશીયંત્ર જ તેને ઉઠાડે છે. આજના માનવીનું જીવન એક દૂરભાશીયંત્ર પૂરતું સીમિત થઈ ગયુ હોય તેવું લાગે છે.

આજનો માનવી જુના-પૂરના અડચણરૂપ રીતી-રીવાજોને પોતાના જીવનમાં આગળ વધી રહતો છે. આજનો માનવી બાળકીનો જન્મ થાય તો તેને બાળક કરતા પણ વધારે પ્રેમ કરતો થયો છે.આજના નાવાયુવાનો લગ્ન સમયે દહેગ માંગતા પોતાના માતા-પિતા વિરુદ્ધ ઉભા થતા થયા છે. ધારમાં સ્ત્રીને સન્માન ન મળે તો તેમનો વિરોધ પન પ્રદર્શીત કરે છે. આજની સ્ત્રીઓ પર કોઈ પણ પ્રતિબંધો મુકવામાં આવતા નથી. ઘૂંઘટપ્રથા પણ નાબુત થઈ રહી છે. સ્ત્રીને ઘરણી બહાર જઈને નોકરી કરવા દેવી જોઈએ તેવું માનતા થયા છે.

સરકાર પણ બાળકલ્યાણ, સ્ત્રીકલ્યાણ માટે વિવિધ યોજનાઓ અમલમાં મૂકી રહી છે. સરકારે છ થી ચૌદ વર્ષના બાળકોને મફત અને ફરજીયાત શિક્ષણ અધિનિયમ-૨૦૦૯ થી અમલમાં મુક્યો છે. આ અંતર્ગત સરકારે ભારતના બંધારણમાં બે જગ્યાએ સાધારા કાર્ય છે. એક મૂળભૂત અધિકાર [અનુ ૨૧(ક)-૮૬મો બંધારણીય સુધારો, ૨૦૦૨] અને બીજી મૂળભૂત ફરજ [અનુ 51(ડ)-માતા-પિતાએ છ થી ચૌદ વર્ષના બાળકોને શિક્ષણણી તકો પૂરી પડાવી] સ્ત્રીઓ માટે પણ સરકારે વિવિધ યોજનાઓ અમલમાં મોકી છે જેમકે, જેના ઘરમાં બેથી વધારે બાળકીઓ હશે તેનો ભણવાન અને લગ્નના ખર્ચ માટે સરકાર સહાય કરશે.

આજના માનવીમાં જોવા મળતા આ ફેરફારો આવકાર્ય છે. પણ કેટલાક માનવી પશ્ચિમી સંસ્કૃતિ તરફ વળ્યા છે. આપના દેશની સંસ્કૃતિ, રૂઢીઓ, સંસ્કારોને તે વિસરતો જાય છે. તેને સંસ્કૃતિનું ગૌરવ-માન હવે રહ્યું નથી એવું લાગે છે.તેને પશ્ચિમી સંસ્કૃતિ એટલી પ્રિય થઈ ગઈ છે કે તે ભારતની સંસ્કૃતિને ખોખલી અનર તુચ્છ ગણી રહ્યો છે. પશ્ચિમી સંસ્કૃતિના અનુકરણને લીધે તે ગેરમાર્ગે દોરી રહ્યો છે.આજનો આ અનુકરણી માનવી વ્યાસની સટ્ટોડિયો, જુગારી, જૈવ વીનાશકારી માર્ગે દોરી રહ્યો છે. આ માનવી સ્ત્રીને

સન્માન આપવા ભોલીગયો છે. તે બળાત્કાર જેવા તુચ્છ માર્ગે વળ્યો છે.

વર્તમાન સમયમાં અસ્પૃશ્યતા પણ ભાગ્યે જ જોવા મળે છે. ધર્મ-કોમના નામે કોમી હુલ્લડોની સંખ્યા ઘટતી જોવા મળે છે. જતાવાદના ભેદભાવો પણ હવે ધીરે-ધીરે ઘટતા થઈ રહ્યા છે. લોકો હવે 'વસુધૈવ કુટુંબકમ'ની ભાવના અપનાવી રહ્યા છે. પરંતુ ઘરના લોકોમાં જે સંપ હોવો જોઈએ એ ઘટતો જાય છે. લોકો હવે સંયુક્ત નહિ પણ વિભક્ત કુટુંબ અપનાવે છે. જેથી બાળકોમાં સમર્પણની ભાવનાનો અભાવ જોવા મળે છે. વિભક્ત કુટુંબની આડઅસરો બાળકો પર ખુબ જ જોવા મળે છે. પરંતુ આશા છે કે સંયુક્ત કુટુંબની ભાવના અપનાવાશે.

આજના માનવીને અંગ્રેજી ભાષાનો કેફ ચઢી રહ્યો છે. તે બાળકોને અંગ્રેજી માધ્યમની શાળામાં ભણવા માટે હજારો રૂપીયાની પ્રવેશ ફી પણ આપે છે અને ઊંચી ફી પણ ચુકવે છે. આથી બાળકો પોતાની માતૃભાષાને ભૂલતા જાય છે. હિન્દી આપણી રાષ્ટ્રીયભાષા છે પણ બાળકોમાં તેનું મહત્વ ઓછુ છે. બધી ભાષાની માતા એટલે સંસ્કૃત. પણ આજના માનવીએ અંગ્રેજી ભાષા તરફ એવી દોડ મોકી છે કે પોતાની માતૃભાષા, સંસ્કૃત અને હિન્દી ભાષાને ભૂલવા લાગ્યો છે.આજનો માનવી ભણતરને મહત્વ આપે છે એ સારી બાબત છે પણ તેને બાળકોને ઈતરપ્રવૃત્તિઓ જેવીકિ, નૃત્ય, કરતે, સંગીત, સ્કેટીંગ, ચિત્ર, વગેરેમાં પણ અવવલ બનાવવો જોઈએ. જેથી તે કોઈ પણ ક્ષેત્રમાં પાછો ન પડે.

આજનો માનવી પૈસા તરફ દોડ મૂકી રહ્યો છે. વર્તમાન સમયમાં પૈસા કમાવવાની જાણે ગાળાકાપ સ્પર્ધા ચાલી રહી હોય તેમ લાગે છે. એક-બીજા કરતાં વધુ પૈસા કમાવવા માટે લોકો પોતે શું ગુમાવી રહયા છે તેમનું તેમને સગેજે ભાન નથી. આજન સમયમાં 'પૈસા' માનવીને અવળે રસ્તે ચઢવવાનું મુખ્ય કારણ બની રહ્યું છે. માનવીએ પૈસાની પાછળ એવી આંધળી દોડ મૂકી છે કે તે પોતાના સ્વસ્થાને સાચવતા નથી અને પછી આજ કમાયેલા પૈસાથી પોતાનું કથળી ગયેલું સ્વાસ્થ્યને ફરી મેળવાનો વ્યથ પ્રયત્ન કરે છે. પૈસા કમાવાથી માનવીની આ દોડમાં તે પોતાના પરિવાર જનોથી દૂર થઈ જાય છે. પછી આજ પૈસાથી ગુમાવેલ પરિવાર જનોને મેળવાનો અથાગ પ્રયતન કરે છે.પૈસાની આ દોડમાં ઝમ્પલાવેલા વ્યક્તિને પાછા સીધા રસ્તે વળવા મુશ્કેલ છે.

માનવી અન્યની દેખા દેખીથી થતા અન્યને પોતાનાથી નીચા બતાવવાની દોડમાં પોતે કેટલો નીચે પડી જાય છે. તેને તેનો ખ્યાલ નથી રહેતો. માનવી આસપાસની દૂનિયા પાસે રહેલી મોજશોખની વસ્તુઓ જોઈને અદેખાઈ કરે છે અને એ વસ્તુ પોતાના ઘરમાં લાવાની દોડમાં જોડાઈ જાય છે. ક્યારેક માનવી સમાજમાં પોતે જ કંઈક છે તે બતાવવા માટે કેટલાય લોકોને નીચે દેખાડે છે. કેટલીક વાર બે ખાસ મિત્રોમાં એક ને પણ અદેખાઈ આવી જાય તો તે બીજા મિત્રને નીચો બતાવવા માટે અથાગ પ્રયત્નો કરે છે. અને જયારે તે ઊંચે પહોચે છે ત્યારે તેની વાતો સાંભળવા વાળુ, દુઃખ વહેચાવાવાળુ, કોઈ મળતું નથી. ત્યાં તેને એકલતા સિવાઈ કઈ નહિ મળે અને તે પોતના ખાસ મિત્રને ગુમાવી બેસે છે.

"ખાલી ખિસ્સા લીઈને તો
નીકળો બજારમાં
વહેમ દૂર થઈ જશે
'ઈજ્જત' કમાવાનો."

માનવી જન્મે ત્યારથી એક આંધળી દોડમાં, રેસમાં લાગી જાય છે. આ દોડમાં તેઓ પ્રથમ તો આવી જાય છે પણ પાછળ પોતાના પ્રેમ, લાગણી, પરિવાર જનો, દોસ્તો, તથા પ્રકૃતિથી દૂર થતા જાય છે. આગળ વધવાની આ દોડમાં અંતે તે એકલો પડીજાય છે અને પોતાના અંતિમ સમયમાં પછી તેને પસ્તાવો થાય છે અને તે પોતે ચૂકી ગયેલો પેલો અમૂલ્ય સમય એટલો બધો પસાર થી ગયો હોય છે કે તેને પાછો મેળવવો અઘરો બની જાય છે.

બાળક જયારે શાળામાં અભુઅસ કરતો હોય તે સમયે શાળામાં પ્રથમ આવવાની દોડ, કોલેજમાં સૌથી વધુ લોકપ્રિયતા મેળવવાની દોડ, કોલેજ કાળ પૂર્ણ થતા રોજગારી મેળવવાની દોડ, નોકરી મળે એટલે સમાજમાં પ્રતિષ્ઠા મેળવવાની દોડ, લગ્ન માટે યોગ્યમાં યોગ્ય પાત્ર મેળવવાની દોડ, લગ્ન બાદ તંદુરસ્ત બાળક મેળવવાની દોડ, બાળકના ભવિસ્યની દોડ, આવકમાં વધારો કરવાની દોડ, બાળકો મોટા થાય એટલે તેમને ઉચ્ચ અભ્યાસ માટે વિદેશ મોકલવાની દોડ, તેમને માટે યોગ્ય મુરતિયા શોધવાની દોડ, સુખ સગવડના સાધનો પ્રાપ્ત કરવાની દોડ,.....

બસ, દોડ..... દોડ..... દોડ..... દોડ... આ દોડ માનવીના છેલ્લા શ્વાસ સુધી સતત ચાલુ રહેશે.

આજના માનવીની દોડ તકનીક, ઔદ્યોગિકીકરણ, પૈસા, વ્યાસનો, સમાજમાં પ્રતિષ્ઠા, પશ્ચિમી સંસ્કૃતિ તરફ થઈ રહી છે. આ આંધળી દોડના કરણે માણસ પ્રકૃતિથી દૂર થતો ગયો, તેમ તેમ તેનામાં વિકૃતિ પ્રવેશતી ગઈ તેને પાછો રામાયણ, મહાભારત, વેદો તરફ વળવાના છે.

"માણસ માંથી આજે માણસ ખુંટીયો,
માણસ થઈને માણસને લૂંટયો"
"મંજિલ દૂર અને સફર ઘણી બધી છે,
આ જિંદગીમાં માનવીને ફિકર ઘણી બધી છે,
ભવિષ્યમાં શું થશેને શું નહિ !
આ વિચારમાં માનવીની દોડ ઘણી બધી છે....."

(માધ્યમિક શાળામાં પ્રથમ દિવસે શિક્ષક વિદ્યાર્થીઓનો પરિચય મેળવતા હતા. બધાં વિદ્યાર્થીઓ એક પછી એક પોતાનો પરિચય આપતાં હતાં. અને હવે નિત્યાનો વારો હતો.)

નિત્યા : મારુ નામ નિત્યા અંજલિબેન પટેલ છે.

શિક્ષક : ફરીથી બોલો બેટા.

નિત્યા : મારુ નામ નિત્યા અંજલિબેન પટેલ છે.

(આટલું સાંભળતા જ શિક્ષકને તેના વાલીને મળવાની ઈચ્છા થઈ તેમાં પણ ખાસ તો તેના પપ્પાને અને તેજ રાત્રે શિક્ષક નિત્યાના ઘરે જાય છે.)

શિક્ષક : તો અખિલભાઈ (નિત્યાના પપ્પા) મને એ ઉત્સુકતા અહીં ખેંચી લાવી છે કે તમારી દિકરીના નામ સાથે તમારા નામને બદલે તમારી પત્નીનું નામ કેમ છે ?

અખિલભાઈ : સૌથી પહેલા એવું કશે પણ લખ્યું નથી કે બાળકના નામની પાછળ તેના પિતાનું જ નામ હોવું જોઈએ. મારી અર્ધાંગિનીએ મને પુત્રીનો પિતા બનાવીને મારું જીવન આનંદિત કર્યું છે. અને મુખ્ય કારણ એ છે કે સ્ત્રીઓ લગ્ન પછી પોતાનું પિયર છોડી સાસરે જાય છે, પોતાના પિતાનું નામ અને અટક છોડી પતિનું નામ અને અટક સ્વીકારે છે અને એ સિવાય પણ કેટ-કેટલો ત્યાગ કરે છે તો મારી દિકરીની પાછળ મારી પત્નીનું નામ તે એક પ્રકારે આ તમામ ત્યાગ માટે મારા તરફથી મારી પત્નીને ભેટ છે.

NSS Day Celebration at Kachchh My Experience

Hiral Bhalala
T.Y.B.Com.

I, Ms. Hiral Bhalala, NSS volunteer from TYBcom attended State NSS celebration organized by NSS cell, Department of Higher and Technical Education, Government of Gujarat, from 22-24 September 2017, at KSKV Kachchh University ,Gujarat.

My team and I from various colleges of VNSGU represented our university at State NSS camp, where various cultural activities were organized like dance, singing, instrument playing, rangoli, mahendi, elocution, drama, quiz, etc. I took part in singing and quiz competition. I got 1st prize in quiz competition with my co-partner Ms. Mohini Rajput.

I realised that NSS volunteers not only do their best in service to society but also perform their best in various cultural activities. I got inspiration from the speech of the chief guest that NSS volunteers can change the thought of people and also change the world for a better tomorrow by serving the nation.

I am grateful to NSS officer Ms. Farida Mandviwala and my college for giving me this opportunity.

Personal experience of NSS National Integration Camp

Mohini R. Rajput

Venue: University of Agricultural Sciences, Dharwad.
College of forestry, Sirsi (Government of Karnataka)
Students from various states like Karnataka, Kerala, Tamilnadu, Maharashtra, Telangana, Gujarat had come to attend this camp. At first I was shocked as well as a bit frightened that how I'm going to spend 7 days at this camp where I don't know their culture or language. On the very first day I met Kerala group in the bus. They were talking in their language. I was skeptical about my experiences at the camp where everyone speaks different languages. Very next day in the orientation programme diversified culture of India was seen. Finally student volunteers from all universities were shuffled together and divided into various teams by the name of 6 great rivers of India. The team names were the Aganashini, the Shalmala, the Saraswati, the Kali, the Narmada, the Bedthi. It was quite interesting that in every team we got people from different states. All the activities like flag hosting, food serving, cultural activities, sports, shramadana (labour work), guest lectures were to be managed by these teams only.
I took part in various activites held there like tug of war, quiz competition, folk dance competition. And I learnt a lot from these events as well as enjoyed a lot. In quiz I got first prize and I realised that “Never underestimate yourself and life is like a chocolate box, you never know what you gonna get. Believe yourself and you gonna do something great!” In tug of war game our girls team KALI won the first prize. In folk dance competition our VNSGU represented folk dance of Gujarat “Garba" though we didn't win we won the hearts of people.
These seven days at NIC camp are unforgettable moments of my life. I got friends from various states like Kerala, Tamilnadu, Karnataka, Maharashtra and also learnt a bit of their languages and cultures too! And yeah now I believe and can say proudly “IT'S ALL BECAUSE OF NSS.”

Make in India & Start-up will transform India

Gauri Kavishvar
S.Y. B.Com

It is about time to transform India from a very poor, impoverished, 'Third-world' nation to a rich, developed and dynamic country. We have to understand precisely what has impeded India's progress and we have to avoid repeating the mistakes of the past.

"We want to have one mission and target:
Take the nation forward- Digitally and Economically"

The last two years have seen remarkable changes in India's development programme. We have set forth on the transforming India journey, with coordinated efforts by all Ministries to change the lives of citizens. We look forward to transformation of India by the two campaigns started by the Modi Government namely, Make in India and Start up India.

The Make in India was launched by Prime Minister in September 2014. Make in India was a timely response to a critical situation when India's growth had fallen to its lowest level in a decade.

Make in India was launched by prime Minister against the backdrop of this crisis and quickly became a rallying cry for India's innumerable stakeholders and partners. It was a powerful, galvanising call to action to India's citizens and business leaders and an invitation to potential partners and investors around the world. It follows the principle of

"Minimum Government Maximum Governance"

Make in India campaign provides all the top investors a favourable opportunity to come in India and invest in businesses from electrical to electronics, from automobiles to agro-value addition, from satellite to submarine etc. The Government of India is making a huge effort in order to reduce the burden on the investors.

There have been many changes since the programme started. The most striking indicator of progress is the unprecedented opening up of key sectors including railways, defence, insurance and medical devices to dramatically higher levels of Foreign Direct Investment (FDI). Various sectors have been opened up for investments and the ease of doing business.

Talking about the other initiative launched by government is Startup India. Startup campaign is based on an action plan aimed at promoting bank financing for start-up ventures to boost entrepreneurship and encourage start-ups with job creation. As one of the principles of Startup India is

"Build the new, don't just fight the old."

Startup means an entity incorporated or registered in India with annual turnover not exceeding INR 25 Crore in any preceding financial year and prior to seven years.

Startup India campaign gives the following benefits to start-ups. No inspection would be carried out on start-ups for 3 years regarding labour laws. They will enjoy 80 % reduction in cost of filling patents. It gives the right of self-certification and compliance and INR 10000 Crore fund for investments into startups through Alternate Investment funds. It gives right of tax exemptions on income tax for 3 years and also tax exemptions on capital gains and on investments above fair market value.

Startup India is focused on restricting the role of states in policy domain to get rid of 'licence raj' and hindrances like in land permissions, foreign investment proposals and environmental clearances. It will encourage entrepreneurship and make India stand across the world as a start-up hub.

The main aim is to make the country free from unemployment by bringing development and growth-oriented employment through its effective governance. Poverty in India can be reduced to a great level by solving the unemployment issue for youth which in turn may solve various social issues.

Today, India's credibility is stronger than ever. There is visible momentum, energy and optimism. Make in India is opening investment doors while Startup India is encouraging entrepreneurship in India. World's largest democracy is well on its way at becoming world's most powerful economy. It is said that

"This is the beginning of a Big Bang for India."

"A man's feet must be planted in his country,
but his eyes should survey the world."

માંડ્યું હતું એક ડગલું આ દુનિયામાં, કોણ જાણે કેમ રસ્તામાં જ તું મળી ગઈ,
દુનિયાના હજારો ચહેરાઓ વચ્ચે પણ બસ તુંજ ગમી ગઈ.

લાગણી ન જાણનારાથી આજે તારી યાદમાં કવિતા લખાઈ ગઈ,
શબ્દ કયાંક ઓછા છે પણ એમાં તારી આખી છબી વરણાઈ ગઈ.

એ પહેલી મુલાકાતમાં હું થોડો હસ્યો અને તું શરમાઈ ગઈ,
''કોફી''ની એ સુગંધની જેમ તું મારા મનમાં સમાઈ ગઈ.

તારા આવ્યા પછી જિંદગી વધુ સારી રીતે જીવાતી થઈ,
પણ અફસોસ તારી એ નજરો ઝુકાવવાનિ એ અદા મને મારી ગઈ.

કશું નથી તારામાં પણ એવું ઘણું છે કે તું મારી કવિતાનો વિષય બની ગઈ,
જેમ રાધા ''કિષ્ના''ની બંનસીના સુરનું કારણ બની ગઈ.

લાગણીને પૂર્ણવિરામ ન હોય, તેમ મારી લાગણી પૂર્ણવિરામને પાર કરી ગઈ,

Count Your Gains and Not your Losses

Priya Ghariwala
S.Y.B.Com.

As we travel down life's busy road
Complaining of our heavy load,
We often think God's been unfair
And gave us much more than our share
Of little daily irritations
And disappointing tribulations...
We're discontented with our lot
And all the "bad breaks" that we got,
We count our losses, not our gain,
And remember only tears and pain...
The good things we forget completely
When God looked down and blessed us sweetly.
Our troubles fill our every thought,
We dwell upon lost goals we sought,
And wrapped up in our own despair
We have no time to see or share
Another's load that far outweighs
Our little problems and dismays...
And so we walk with head held low
And little do we guess or know
That someone near us on life's street
Is burdened deeply with defeat...
But if we'd but forget *our care*
And stop in sympathy to share
The burden that "our brother" carried,
Out mind and heart would be less harried
And we would feel our load was small,
In fact, *we carried no load, at all.*

National Conference on Research in Accountancy

Research is a term with many connotations. Many people think that research is easy. Pick a topic, look it up in the internet and write a paper. But this process is far from the truth. Understanding the fundamentals of research is important because those fundamentals will serve as a foundation for the research. Researcher must think critically and logically during the research process to ensure that the research is both valid and reliable. Research has to integrate the concept of validity, reliability and the function of critical thinking in the research process and researcher's contribution to knowledge in society.

SPB English Medium College of Commerce and South Gujarat Branch of Indian Accounting Association jointly organized the National Conference on "Research in Accountancy" on Thursday, 15th February 2018. The conference theme aimed to create a platform for discussion that provided a remarkable shift in the world of business towards sustainability, globalization, transparent system and change of business relationship towards the society at large.

The national conference was inaugurated with the lighting of lamp and followed by prayer by the chief guest and keynote speaker Dr. B.A. Prajapati, Hon. Vice Chancellor, Hemchandracharya North Gujarat University, Patan; Guest of Honor, Dr. Karamjeet Singh, President, Indian Accounting Association and C.A. Shri C.S. Jariwala, Chairman, Sarvajanik Education Society. Later the formal welcome was conducted by our principal Dr. V.D Naik by presenting books as a token of gratitude on behalf of the SPB family. The conference chairman was Dr. V.D. Naik, conference secretary was Dr. Punyaprava Pradhan , conference coordinator was Dr. Heena Oza and organizing committee included Dr. Aaishwarya Kulkarni, Ms Farida Mandviwala and Mr Ravi Patel.

The chief guest and keynote speaker addressed the participants and highlighted the research theme. According to him "research in accountancy" is research on the effect of economic events on the process of accounting and the effect of reported information on economic events. It encompasses a broad range of research areas including financial accounting, management accounting, auditing and taxation.

Later Dr. Karamjeet Singh depicted the characteristics of a true academician through a beautiful story.
The presence of eminent dignitaries during this one day conference was testimony to our sincere pursuit to achieve nothing less than the “best”.

During the key note session Dr. Sanjay Bhayani, Dr. Ketan Upadhyay, C.A. Keyur Mehta, CS Hemant Valand delivered expert lectures on IFRS, Research in Accountancy, GST, Companies Act 2013 respectively. The session was chaired by Dr. Sandeep Bhatt.

The response of participants was phenomenal . There were 136 participants and 36 research papers were presented in two technical sessions. Dr. K.B. Rao from Gujarat University and Dr. Jimmy Kapadia from S.R. Luthra Institute of Management chaired the technical sessions. Conference served as an interactive forum to discuss issues related to GST, CSR, Environmental Accounting, Merger, Forensic Accounting and other areas.

The conference offered an opportunity for the participants to share their innovative ideas and research findings and further discuss the implications for business and economy. We thank all of them for sharing their research papers in this conference.

We received overwhelming response from several premier institutions across the country for the conference. We are very pleased to announce that one edited book featuring the selected papers , received for the conference , will be released in near future.

We also believe that this event has incubated valuable ideas into the minds of the researchers and enable them to pursue research in the area of business and economy.

"Research is to see what everybody else has seen,
And to think what nobody else has thought."

2nd One week
National Faculty Development Programme

Introduction

IQAC Cell of SPB English Medium College of Commerce, Surat and Indian Accounting Association, South Gujarat Branch jointly organised 2nd One Week National Faculty Development Programme on **Structural Equation Modelling (SEM) using AMOS** from **19th February to 25th February, 2018.**

67 Faculty members from various parts of India participated in the programme. The faculties ranged from junior faculties pursuing research, faculties with Doctorate having Guideship for M. Phil. and Ph.D. courses.

The main aim of the NFDP was to enhance the research effectiveness and efficiency of faculty members and research scholars and thereby furtherance of the quality of research output. The workshop was framed to provide an interactive platform to the researchers to enhance understanding of advance statistical techniques as well as providing hands–on experience in analyzing data using latest versions of SPSS and AMOS for statistical analysis.

Day 1: 19th February, 2018

Inauguration Function:

The 2nd One Week National Faculty Development Programme was inaugurated by Honourable Dr.Sanket Vij, Dean, Faculty of Commerce & Management, BPS Mahila Vishwavidhalaya, Sonepat, Haryana, Honourable Dr. J.M. Naik, Dean, Faculty of Commerce, VNSGU and Honourable CA Bharat Shah, Chairman, LAC with the lighting of lamp followed by Prayer song. Later Principal Dr. V.D. Naik delivered the Welcome Address and the IQAC Co-ordinator Dr. Heena Oza highlighted the theme of NFDP and set the ball rolling. Dr. J. M. Naik, Dean of Commerce showed his concern for quality aspect in Research. In the key note address Prof. Sanket Vij emphasized on research in socially relevant areas. CA Bharat Shah expressed that in higher education, continuous learning and research plays very important role and complimented the College for organizing this one week workshop.

Dr. K.N. Chavda, Principal, Amroli College and Chairman of South Gujarat Branch of IAA offered a vote of thanks. Principals of other different Colleges and HODs of VNSGU were present in the inaugural function.

Pre Lunch Session:

Resource Person - Dr. SanketVij (Data Editing)

The very first day Dr. Sanket Vij gave his key note address. The first session started with the ice breaking session in which the participants were asked to give their introduction. He covered the topics of data editing, collection of data and sample size.

Post Lunch Session:

Resource Person - Dr. Sanket Vij (Exploring Data)

On the same day the post lunch session was conducted by Dr. Sanket Vij in which he shared his ideas on exploring the data. Last but not the least when the house was open for questions the academicians were keen to ask and with the same level of enthusiasm they were justifiably answered by the professor.

Day 2: 20th February, 2018

Pre Lunch Session:

First Session:

Resource Person - Dr. Kiran Pandya (Literature Review)

Prof. (Dr.) Kiran Pandya was the resource person for the first session of the second day. He started by exploring importance of literature review in research. He then explained how a researcher has to choose and go about the literature review. Next topic in his session was how to approach the literature. He explicitly stated that while surveying the literature a researcher must start with the data available on the respective topic and check the dominant theories in that area of research. The top journals, cited papers leading associations and important conferences provide a lot of input to the researcher's literature. He concluded stating the importance and purposes of literature review.

Second Session:

Resource Person - Dr.Heena Oza (Literature Review)

On the same day the second session was conducted by Dr.Heena Oza in which she shared his ideas on topic of literature review and also emphasized on the methods of collection of data. She made the session interactive and based it on various examples for better understanding of the participants.

Post Lunch Session:

Resource Person - Dr. Gaurang Rami (Correlation)

Prof. (Dr.) Gaurang Rami was the resource person of the Post Lunch session. He explained the methods of analyzing the relationship between two quantitative

variables. He discussed that the most commonly used techniques for investigating the relationship between two quantitative variables are correlation and linear regression. He stated that correlation quantifies the strength of the linear relationship between a pair of variables, whereas regression expresses the relationship in the form of an equation. He then focused the on the concept of correlation.

Day 3: 21st February, 2018

Pre Lunch Session

Resource Person - Dr. BhaveshVanpariya (Exploratory Factor Analysis)

Prof. (Dr.) BhaveshVanpariya was the resource person of the Pre Lunch session. He focused on Factor Analysis using SPSS. He took sessions on Exploratory Factor Analysis, Confirmatory Factor Analysis, Difference between Exploratory and Confirmatory Factor Analysis, Determining Validity and Reliability of Scale using CFA, Cronbach's alpha: a coefficient of internal consistency, etc on SPSS software. He took various examples and gave all the participants hand-on practice on their laptops. He also gave an insight on the ways to write the analysis of result which is being produced by the software. He explained in depth the techniques of Exploratory Factor Analysis and when it is used.

Post Lunch Session:

Resource Person - Dr.Gaurang Rami (Regression)

Add on Course
GST Accounting Training

As we are aware that Goods and Services Tax (GST) which is a comprehensive tax on supply of goods or services or both, has been implemented from 1st July, 2017. This newly introduced Goods and Service Tax, subsumed all indirect taxes to create one rate and integrate the country into a single market and therefore it is regarded as the biggest tax reform that has taken place since 1947. So, it is very necessary to make students familiar with the GST and GST Accounting. Dr. Heena S. Oza IQAC Co-ordinator and CA Ravi Patel Course Co-ordinator have been instrumental in initiating this course.

The course has been designed to provide a hands on training along with the theoretical knowledge of GST with the use of Tally Accounting software. We started the training course jointly with BGA foundation.

Mr. Chetan Khandelwal aptly conducted all the sessions.

Key features of the course were:

- ✓ Free of cost training
- ✓ 18 hours course (3 hours per day for 6 days)
- ✓ Projector based smart class room for theoretical training
- ✓ Computer Lab for hands on training with latest licenced Tally software
- ✓ Experienced and Expert GST trainers

During the year we successfully completed 5 batches of GST Accounting Training giving benefit to more than 300 students.

Batch 1: 13 July 2017 to 19 July 2017.

Batch 2: 13 July 2017 to 22 July 2017.

Batch 3: 17 July 2017 to 22 July 2017.

Batch 4: 17 July 2017 to 22 July 2017.

Batch 5: 12 September 2017 to 17 September 2017.

Add on Course
Tally Certificate Course

In today's information age, technology is an integral part of personal and professional life. In today's era of technology based information dissemination, for a B.Com. student, theoratical knowledge of Accounting is not sufficient. Today computerised accounting is in vogue world over. So a student of accountancy must get equipped with computerised accounting. Keeping this in mind, we took initiative to start a 40 hours Tally Certificate Course.

The course is designed to provide a hands on training along with the theoretical knowledge of Tally. On successful completion of this course, students are given an "add on" Tally course certificate which can increase the employability of a student.

Key features of the course include:

- ✓ 40 hours hands on training
- ✓ ICT based smart Computer Lab
- ✓ Experienced Tally Trainers
- ✓ Study material in hard as well as soft copy
- ✓ Add on Tally ERP.9 Certificate for enrichment of CV

The first batch of Tally course started on 8th February 2018 with a nominal fees of ₹ 600 per student. Initially the batch comprised of T.Y.B.Com students.

IQAC Co-ordinator Dr. Heena S. Oza and Course Co-ordinators Ms. Farida Mandviwala and C.A. Ravi Patel were instrumental in initiating this course.

Library Committee

Library is the important learning centre in an educational Institution. 2017-18 has been a brilliant year for the growth of library in particular. The 4-walls of the library witnessed a great deal of things happening around and within. This is a narration of that.

In SPB Library, under the leadership of Dr V. D. Naik, Our Principal, we have installed a latest library Management and Security System, RFID (Radio Frequency Identifier) technology.

- Unique RFID tags
- RFID technology enabled Identity cards within the library
- Self-Check in/out Kiosk Station
- Theft Detecting Gates and
- Locator of misplaced books

E Books were added to the library collections from the generous grant of "College with Potential for Excellence".

The reading room has been transformed into a computer laboratory with 40 computers installed. All are connected to the internet and students are free to use the facility.

Tally Instruction to the students commenced with the qualified Tally Instructors.

Language lab is in pipeline.

The library with newly adopted technologies became a hotspot among the students.

Comfortable chairs and new ambience with newly adopted technologies, Library and reading rooms became a hotspot among the students.

If your eyes are positive you will love the world.
But
If your tongue is positive the world will love you
